

Några arkitekturmisstag jag gjort senaste decenniet

jimmy.nilsson@factor10.com

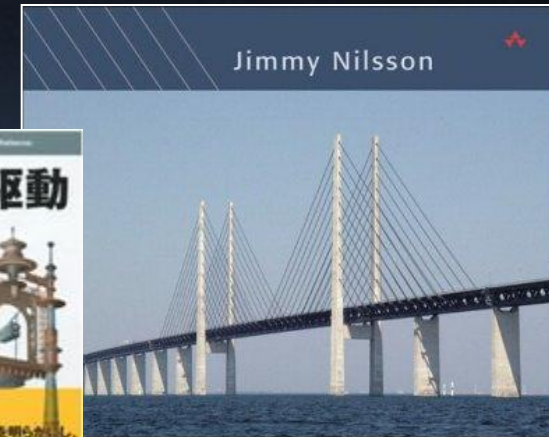

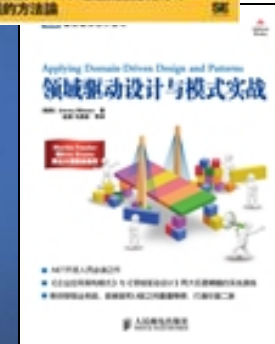

Om Jimmy Nilsson

Utvecklare/arkitekt, men också coach och författare

Blog: JimmyNilsson.com/blog/
Twitter: twitter.com/JimmyNilsson

Författare till "*Applying Domain-Driven Design and Patterns*" och "*.NET Enterprise Design*"

En av grundarna och vd för factor10

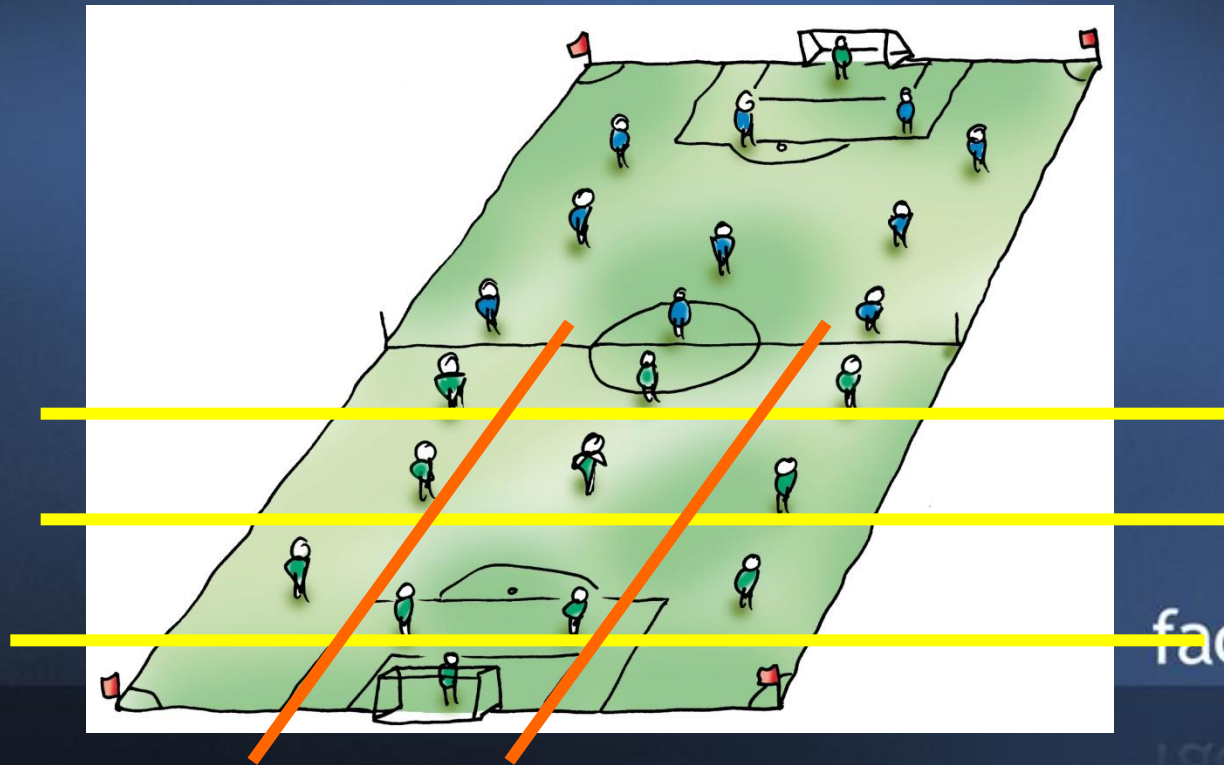

Applying Domain-Driven Design and Patterns
Examples in C# and .NET
Martin Fowler and Eric Evans

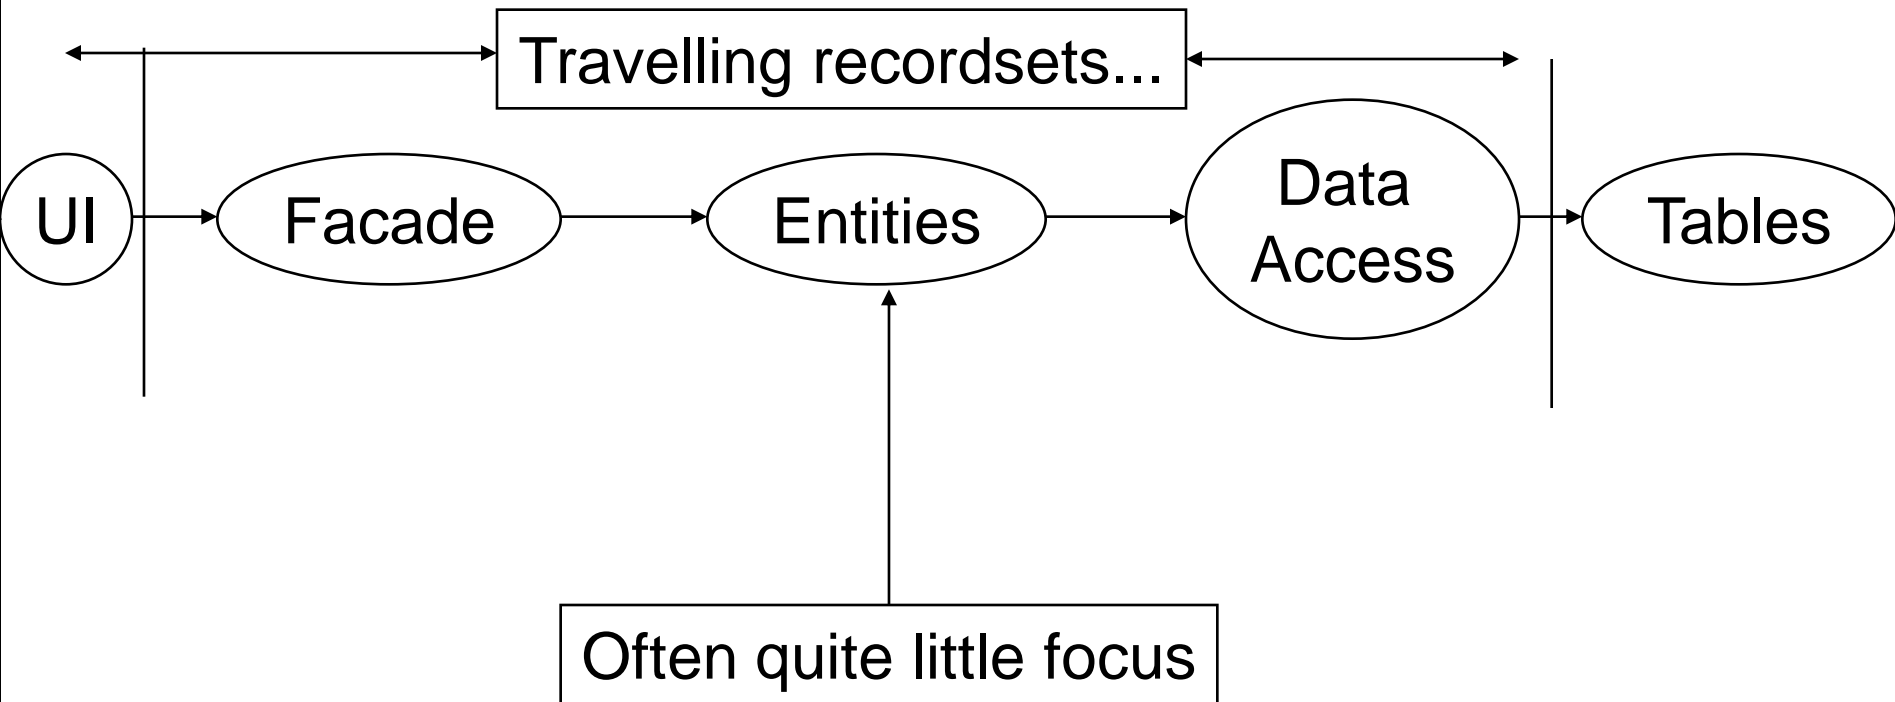

Layering

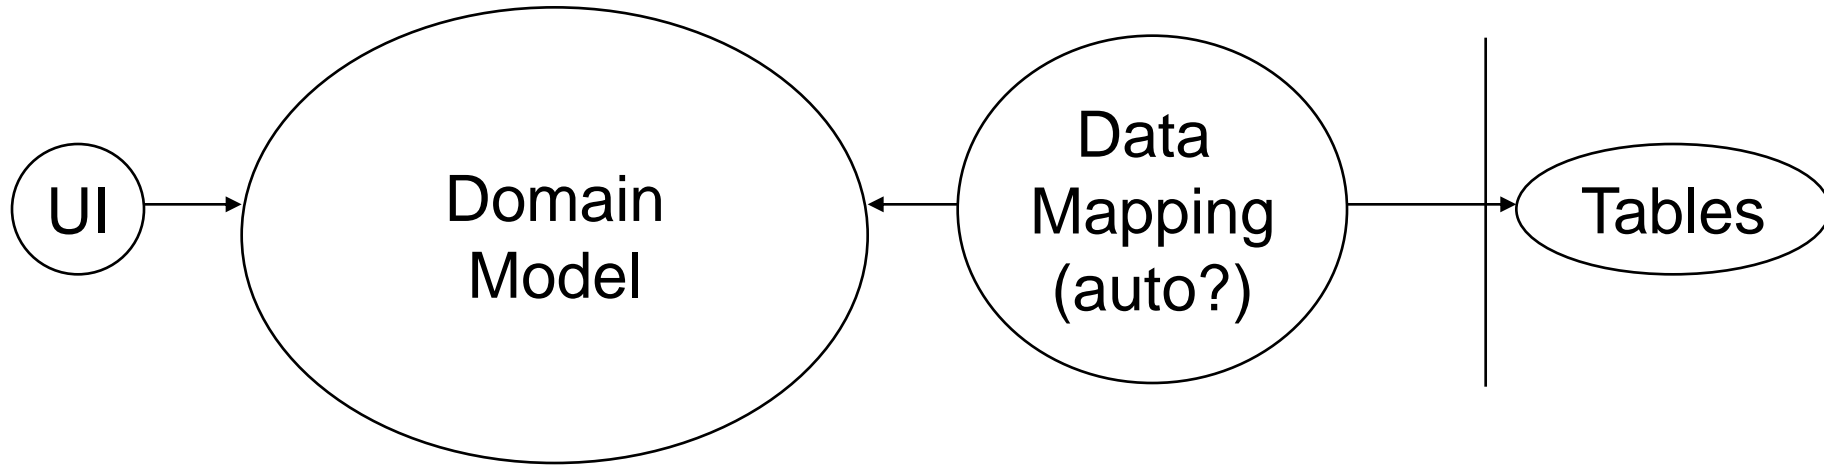

-> Partitionering

Klassisk layering (n-tier)

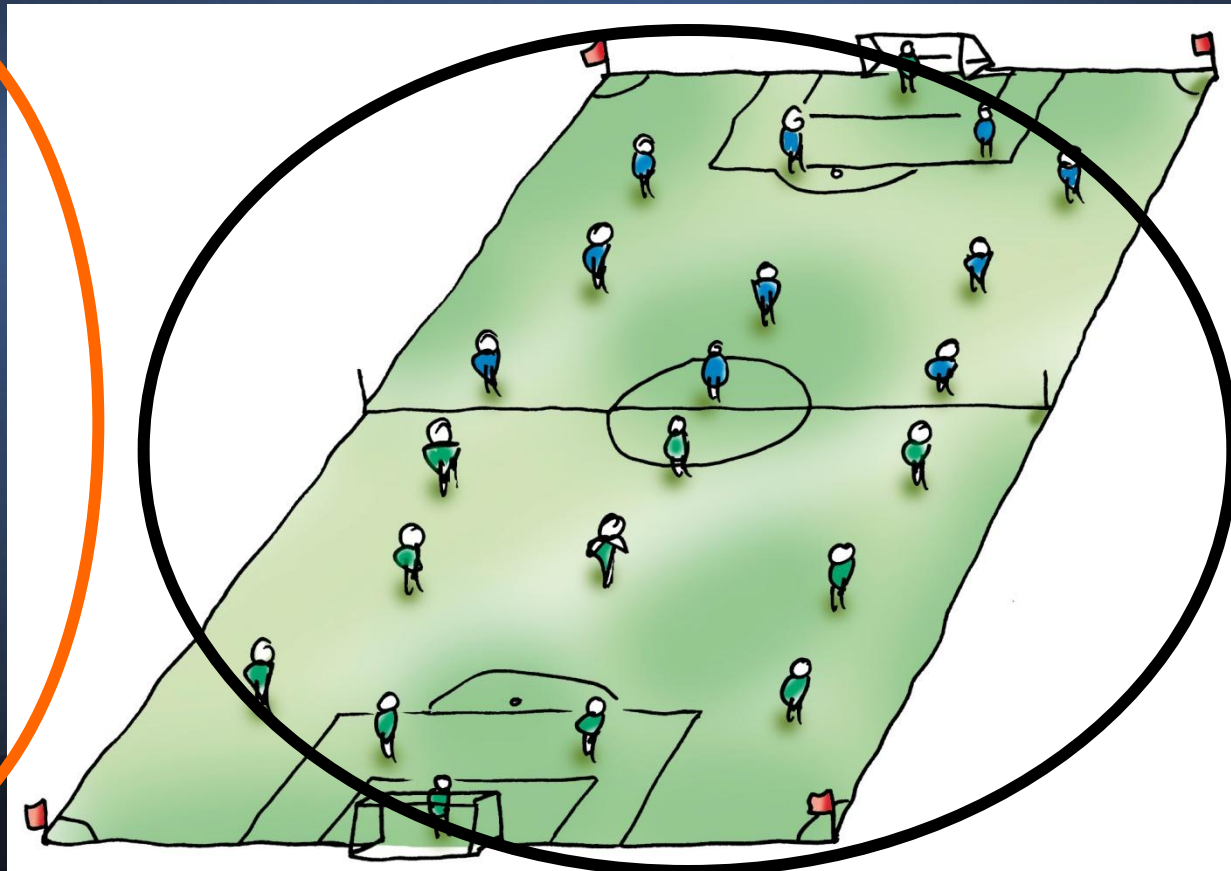

DDD basic layering

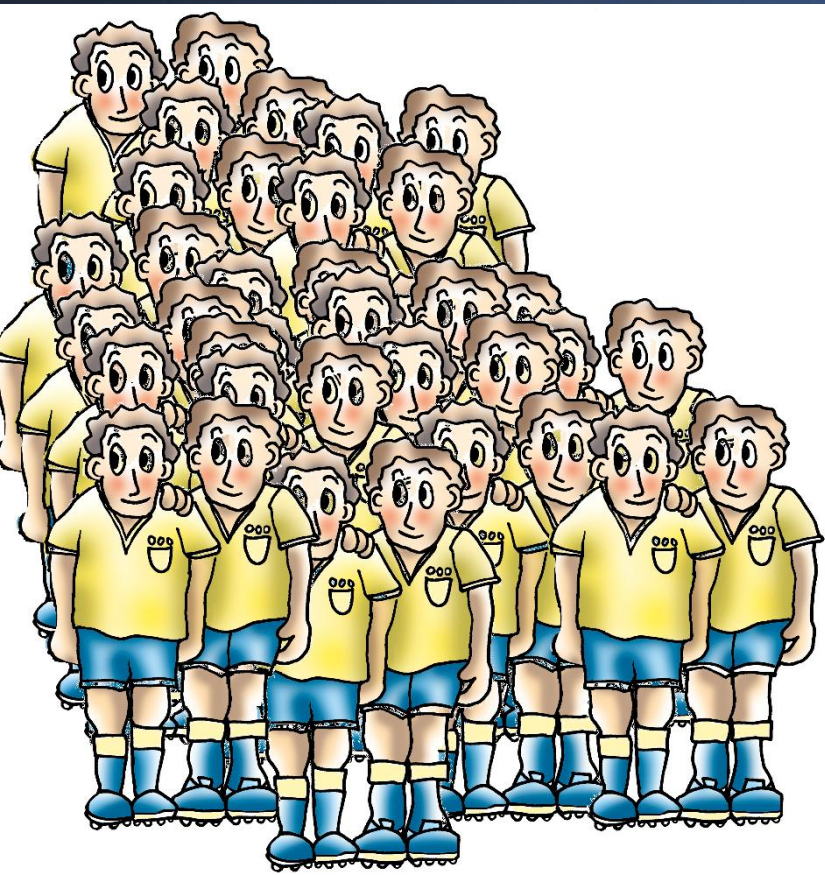

Enterprise Domain Model

-> Bounded Context-fokus

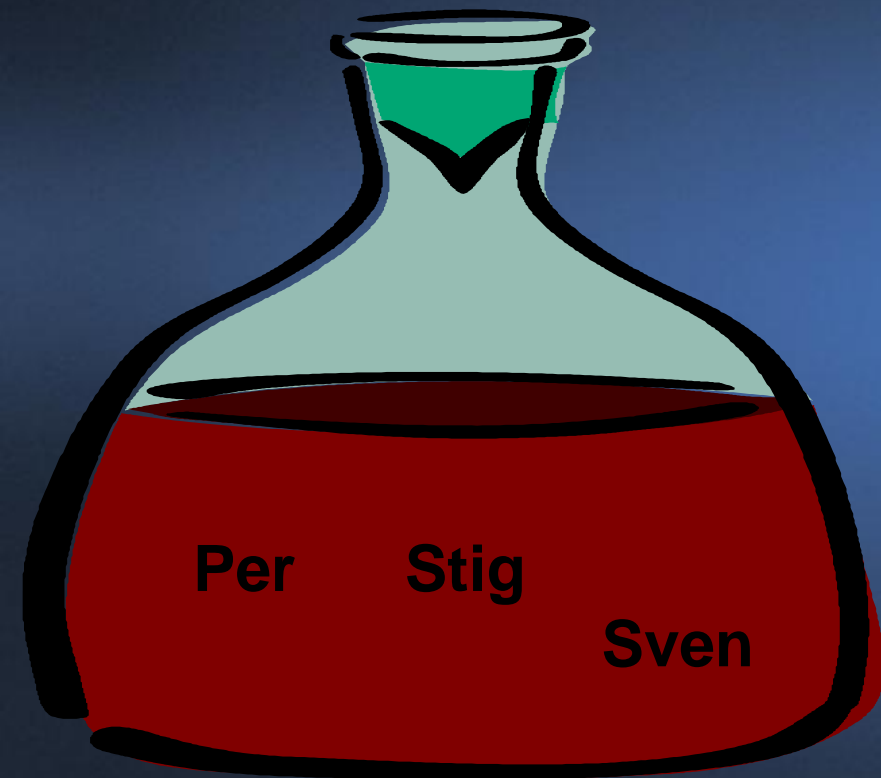

Enorma team

-> Valdigt sma team

Integration database

-> Application databases

factor 10

Bara loose coupling

-> Balansera med high cohesion

Försöka nå intern konsistens

-> Framtvinga inte
